Education

Microbiology
Primeasia University

Year: 2016-2020

Professional Summary   ● Available

I am a UI/UX designer with a passion for creating user-friendly, engaging, and beautiful digital products. I have 3 years of experience in designing websites, apps, and interfaces for various clients and industries, such as e-commerce, education, and health care. I have worked on multiple projects, from ideation to implementation, using tools such as Figma, Adobe XD, and InVision. I have also collaborated with developers, product managers, and stakeholders to deliver solutions that meet the user needs and business goals. I believe that good design is not only about aesthetics, but also about functionality, usability, and accessibility.
